

**50 Projects to Start**  
**With 5,00,000**

# Introduction

The small scale sector is assuming greater importance every day. Hundreds of thousands of people start their own businesses every year, and untold more dream about the possibility of becoming their own bosses. While entrepreneurship has its many potential rewards, it also carries unique challenges. You need to understand the environment to set up an enterprise of your own. Setting up a business requires many things. Understanding yourself, understanding market, availing funds are certain basic things that one must mandatorily know before making a business decision.

## Startup India Stand up

Our Prime Minister unveiled a 19-point action plan for start-up enterprises in India. Highlighting the importance of the Standup India Scheme, Hon'ble Prime minister said that the job seeker has to become a job creator. Prime Minister announced that the initiative envisages loans to at least two aspiring entrepreneurs from the Scheduled Castes, Scheduled Tribes, and Women categories. It was also announced that the loan shall be in the ten lakh to one crore rupee range.

A startup India hub will be created as a single point of contact for the entire startup ecosystem to enable knowledge exchange and access to funding. Startup India campaign is based on an action plan aimed at promoting bank financing for start-up ventures to boost entrepreneurship and encourage startups with jobs creation.

Startup India is a flagship initiative of the Government of India, intended to build a strong ecosystem for nurturing innovation and Startups in the country. This will drive sustainable economic growth and generate large scale employment opportunities. The Government, through this initiative aims to empower Startups to grow through innovation and design.

### **What is Startup India offering to the Entrepreneurs?**

Stand up India backed up by Department of Financial Services (DFS) intends to bring up Women and SC/ST entrepreneurs. They have planned to support 2.5 lakh borrowers with Bank loans (with at least 2 borrowers in both the category per branch) which can be returned up to seven years.

PM announced that “There will be no income tax on startups’ profits for three years”

PM plans to reduce the involvement of state government in the startups so that entrepreneurs can enjoy freedom.

No tax would be charged on any startup up to three years from the day of its establishment once it has been approved by Incubator.

Basically this book gives you the opportunity to choose your ideal project among the 50 projects described. Some of them are: dish antenna manufacturing unit, voltage transformer, S.M.P.S unit, sanitary article shop, screen printing, computer centre, detergent powder, liquid indigo, liquid phenyl, leather jacket, airbag and purse, handmade bricks, bamboo sticks, goat farming etc.

This book also explains employment assurance scheme, how to increase the sales, knowing more about bank loan, loan facilities for women entrepreneurs, small scale service business enterprise, etc.

The book has been written for the benefit of small entrepreneurs who do not wish to invest large amount and case has been taken to present the matter in a very simple and comprehensive language so that person without much technical background can grasp the subject easily. More than 50 profitable products have been included in this book with brief project profiles, processes, addresses of machinery and raw material suppliers. This is very helpful book for new entrepreneurs, consultants, libraries etc.

The Standup India scheme provides handholding support for borrowers both at the pre loan stage and during operations. This would include increasing their familiarity with factoring services, registration with online platforms and e-market places as well as sessions on best practices and problem solving.

Margin money of the composite loan under the Standup India scheme would be up to 25%. Convergence with state schemes is expected to reduce the actual requirement of margin money for a number of borrowers. Over a period of time, it is proposed that a credit history of the borrower be built up through Credit Bureaus.

The Standup India scheme provides for refinance window through Small Industries Development Bank of India (SIDBI) with an initial amount of Rs 10,000 crore.

Every year more than 800 tech startups are being set up in India. By 2020, a projected 11,500 tech-startups are going to emerge and will employ around 250,000 people.

- Yearly growth of 47 percent in total value of investment During 2011-13 (compound annual growth rate growth)
- Yearly growth of 22 percent in number of investment During 2013-15 (compound annual growth rate growth)
- Yearly growth of 153 percent in number of investment
- Yearly growth of 127 percent in total value of investment

Entrepreneurship is the quality of being a businessman, i.e. one who "undertakes an enterprise". The term puts emphasis on the risk and effort taken by individuals who both own and manage a business, and on the innovations resulting from their pursuit of economic success.

1500 Multi Skill Training Institutes would be set up through active participation of industries under Kaushal Vikas Yojana in unserved blocks and areas with emphasis on imparting technical skills to the youth.

About 43 lakhs educated youth are unemployed in the northeast as on March, 2008. Out of which the maximum unemployed youths are located in Assam (about 22-50 lakhs) and the lowest is in Sikkim.

About 20 to 25% of the trained entrepreneurs have set up units/trading activities in different parts of the region.

## Free Instant Online Project Identification & Selection Search Facility

Selection process starts with the generation of a product idea. In order to select the most promising project, the entrepreneur needs to generate a few ideas about the possible projects.

Here's we offer a best and easiest way for every entrepreneur to searching criteria of projects on our website [www.entrepreneurindia.co](http://www.entrepreneurindia.co) that is "Instant Online Project Identification and Selection"

NPCS Team has simplified the process for you by providing a "[Free Instant Online Project Identification & Selection](#)" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.
