

# Calcium Silicate Insulation Board Manufacturing Business.

## Calcium Silicate Board Production.

# **Introduction**

**Calcium silicate board is an asbestos-free thermal insulation product that can withstand continuous high operating temperatures. It is a light weight, low thermal conductive, high strength, easy to install, reliable and durable product. Industrial grade piping and equipment insulation is often fabricated from calcium silicate. It is a white free-flowing powder obtained by reacting calcium oxide and silica. It has a low bulk density and high physical water absorption.**

**Calcium Silicate Boards are manufactured from a mixture of Portland cement, fine silica, special cellulose fibers and selected fillers to impart durability, toughness and moisture resistance. Calcium Silicate Sheet is then cured by an autoclaving process whereby the ingredients are reacted together under heated steam and high pressure.**

**Calcium Silicate Insulation Board is a medium density fiber reinforced calcium silicate board which has been formulated without inorganic fiber. Available in a standard 10mm thickness, it is off-white in Colour and has a smooth surface on the front face and textured on the reverse.**

**The smooth face is for painting and the textured for thin coat polymeric renders. It is pre-treated with a silicone water repellent on both faces. This reduces water uptake and enhances the compatibility with the coating system and may eliminate the need for further priming.**

## **Calcium Silicate Board applications**

- **For external walls & ceilings,**
- **For internal walls, partitions and ceilings,**
- **As a sub-roof board, As the underlay board for floor and wall tiling,**
- **For decorative applications, as a fire protective solution.**

**Calcium silicate boards are white, non-asbestos, high temperature structural insulating boards that exhibit good thermal shock resistance and stability, consistently low thermal conductivity, high structural strength at elevated temperatures, incombustibility, electrical insulating properties when dry, excellent machinability, insolubility in water, and non-corroding properties.**

# Major Queries/Questions Answered in the Report?

- 1. What is Calcium Silicate Insulation Board Manufacturing industry ?**
- 2. How has the Calcium Silicate Insulation Board Manufacturing industry performed so far and how will it perform in the coming years ?**
- 3. What is the Project Feasibility of Calcium Silicate Insulation Board Manufacturing Plant ?**
- 4. What are the requirements of Working Capital for setting up Calcium Silicate Insulation Board Manufacturing plant ?**

- 5. What is the structure of the Calcium Silicate Insulation Board Manufacturing Business and who are the key/major players ?**
- 6. What is the total project cost for setting up Calcium Silicate Insulation Board Manufacturing plant ?**
- 7. What are the operating costs for setting up Calcium Silicate Insulation Board Manufacturing project?**
- 8. What are the machinery and equipment requirements for setting up Calcium Silicate Insulation Board Manufacturing plant ?**

**9. Who are the Suppliers and Manufacturers of Plant & Machinery for setting up Calcium Silicate Insulation Board Manufacturing Business?**

**10. What are the requirements of raw material for setting up Calcium Silicate Insulation Board Manufacturing plant ?**

**11. Who are the Suppliers and Manufacturers of Raw materials for setting up Calcium Silicate Insulation Board Manufacturing plant ?**

**12. What is the Manufacturing Process of Calcium Silicate Insulation Board?**

- 13. What is the total size of land required for setting up Calcium Silicate Insulation Board Manufacturing plant ?**
- 14. What will be the income and expenditures for Calcium Silicate Insulation Board Manufacturing project?**
- 15. What are the Projected Balance Sheets of Calcium Silicate Insulation Board Manufacturing plant ?**
- 16. What are the requirement of utilities and overheads for setting up Calcium Silicate Insulation Board Manufacturing plant?**
- 17. What is the Built up Area Requirement and cost for setting up Calcium Silicate Insulation Board Manufacturing Business?**

**18. What are the Personnel (Manpower) Requirements for setting up Calcium Silicate Insulation Board Manufacturing Business?**

**19. What are Statistics of Import & Export for Calcium Silicate Insulation Board?**

**20. What is the time required to break-even of Calcium Silicate Insulation Board Manufacturing Plant?**

**21. What is the Break-Even Analysis of Calcium Silicate Insulation Board Manufacturing plant?**

**22. What are the Project financials of Calcium Silicate Insulation Board Manufacturing plant?**

**23. What are the Profitability Ratios of Calcium Silicate Insulation Board Manufacturing Project?**

**24. What is the Sensitivity Analysis-Price/Volume of Calcium Silicate Insulation Board Manufacturing plant?**

**25. What are the Projected Pay-Back Period and IRR of Calcium Silicate Insulation Board Manufacturing plant?**

**26. What is the Process Flow Sheet Diagram of Calcium Silicate Insulation Board Manufacturing Business?**

**27. What are the Market Opportunities for setting up Calcium Silicate Insulation Board Manufacturing plant?**

**28. What is the Market Study and Assessment for setting up Calcium Silicate Insulation Board Manufacturing plant?**

**29. What is the Plant Layout for setting up Calcium Silicate Insulation Board Manufacturing Business?**

- **Annexure 35 :: Projected Pay-Back Period and IRR**

# Reasons for Buying our Report:

- **This report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **This report provides vital information on the product like it's characteristics and segmentation**
- **This report helps you market and place the product correctly by identifying the target customer group of the product**

- **This report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

# Our Approach:

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

## **Scope of the Report**

The report titled “Market Survey cum Detailed Techno Economic Feasibility Report on Calcium Silicate Insulation Board ” provides an insight into the Calcium Silicate Insulation Board market in India with focus on uses and applications, Manufacturing Process, Process Flow Sheets, Plant Layout and Project Financials of Calcium Silicate Insulation Board project. The report assesses the market sizing and growth of the Indian Calcium Silicate Insulation Board Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

**We at NPCCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in the Calcium Silicate Insulation Board sector in India along with its business prospects. Through this report we have identified Calcium Silicate Insulation Board project as a lucrative investment avenue.**

## Reports:

### ▪ Detailed Project Reports

**NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.**

**Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.**

**And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:**

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

**The detailed project report covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,**

**Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.**

**We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)**

## Who are we?

- *One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services*
- *We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients' in India & abroad*

*We at NPCS want to grow with you by providing solutions scale to suit your new operations and help you reduce risk and give a high return on application investments. We have successfully achieved top-notch quality standards with a high level of customer appreciation resulting in long lasting relation and large amount of referral work through technological breakthrough and innovative concepts. A large number of our Indian, Overseas and NRI Clients have appreciated our expertise for excellence which speaks volumes about our commitment and dedication to every client's success.*

*We bring deep, functional expertise, but are known for our holistic perspective: we capture value across boundaries and between the silos of any organization. We have proven a multiplier effect from optimizing the sum of the parts, not just the individual pieces. We actively encourage a culture of innovation, which facilitates the development of new technologies and ensures a high quality product.*

## What do we offer?

- *Project Identification*
- *Detailed Project Reports/Pre-feasibility Reports*
- *Market Research Reports*
- *Business Plan*
- *Technology Books and Directory*
- *Industry Trend*
- *Databases on CD-ROM*
- *Laboratory Testing Services*
- *Turnkey Project Consultancy/Solutions*
- *Entrepreneur India (An Industrial Monthly Journal)*

## How are we different ?

- *We have two decades long experience in project consultancy and market research field*
- *We empower our customers with the prerequisite know-how to take sound business decisions*
- *We help catalyze business growth by providing distinctive and profound market analysis*
- *We serve a wide array of customers , from individual entrepreneurs to Corporations and Foreign Investors*
- *We use authentic & reliable sources to ensure business precision*

# Our Approach

**Requirement collection**

**Thorough analysis of the project**

**Economic feasibility study of the Project**

**Market potential survey/research**

**Report Compilation**
