

# Want to Start Business in Meghalaya?

## Here are few Good Profitable Ideas for You.

## Introduction

---

### **Major Cities in Meghalaya:**

**Shillong**

**Tura**

**Mankachar**

**Nongstoin**

**Nongpoh**

**Mairang**

**Cherrapunji**

**Chibilbang**

**Dabigiri**

**Dainadubi**

**Dambu**

**Damra**

**Darugiri**

**Digli**

**Digligiri**

**Dingpasoh**

**Bishwarpur**

**Dommati**

**Donmatia**

**Garobadha**

**Gasnapara**

**Gasuapara**

**Genapara**

**Jakrem**

**Jalalpur**

**Jarain**

**Jongohetpara**

**Jowai**

**Diwon**

**Borpani**

**Chaptuk**

**Cheran**

**Cherapunji**

**Cherrapunjee**

**Cherripunji**

**Meghalaya is a state in north-east India. The name means "the abode of clouds" in Sanskrit. As of 2011, the state has a population of 2,964,007 and is the 23rd most populous in the country. The population of Meghalaya as of 2014 is estimated to be 3,211,474. Meghalaya covers an area of approximately 22,430 square kilometers, with a length to breadth ratio of about 3:1**

**Meghalaya is basically an agricultural state with about 80% of its population depending entirely on agriculture for their livelihood. Nearly 10% of the geographical area of Meghalaya is under cultivation. Agriculture in the state is characterised by limited use of modern techniques, low yields and low productivity.**

**As a result, despite the vast majority of the population being engaged in agriculture, the contribution of agricultural production to the state's GDP is low, and most of the population engaged in agriculture remain poor. A portion of the cultivated area is under the traditional shifting agriculture known locally as Jhum cultivation.**

**Meghalaya produced 230,000 tonnes of food grains in 2001. Rice is the dominant food grain crop accounting for over 80% of the food grain production in the state. Other important food grain crops are maize, wheat and a few other cereals and pulses. Besides these, potato, ginger, turmeric, black pepper, areca nut, tezpatta, betelvine, short-staple cotton, jute, mesta, mustard and rapeseed etc. are some of the important cash crops. Besides the major food crops of rice and maize, the state is renowned for its horticultural crops like orange, lemon, pineapple, guava, litchi, banana, jack fruits and fruits such as plum, pear and peach.**

Niir Project Consultancy Services (NPCS) can provide  
Detailed Project Report on Required Project

*Want to Start Business in Meghalaya?*  
*Here are few Good Profitable Ideas for*  
*You.*

## Here are few Projects for Start-up:

### ○ **ARCANUT (BETELNUT) PROCESSING**

**India leads the world in arcanut production, with most of the plantation in Southern and Eastern regions. Processing of arcanut yields many important products including supari, pan masala, ropes & brushes, tannin etc. are all indigenously available.....[Read more](#)**

## ○ CASHEWNUT PROCESSING (DRIED & FRIED)

**Dried and fried cashewnut possess pleasant taste and flavour. They are mostly eaten fried, and are sometimes salted or sugared. They are used in large quantities by sweet meat dealers and confectioners.....[Read more](#)**

## ○ **TEA PROCESSING AND PACKAGING**

**Tea is one of the most popular beverages and is consumed by nearly half of the world population. Tea growing & processing is one of the major plantation based industries in India & plays a vital role in India's economy.....[Read more](#)**

## ○ BANANA & ITS BY-PRODUCTS

**The banana plant is the most cultivated plant in the tropical countries. It is used as dessert, as vegetable and the fruit pulp is dried and processed into flour or preserved for subsequent use. It is a source of calcium and iron and many other minerals.....[Read more](#)**

## ○ LYCHEE JUICE

**Lychee is one of the tropical fruits which is mainly available in Bihar, and Eastern part of India. It is one of the healthy fruit juice. It will help to grow the health. It is sweet tasty with good flavour. It is used by the domestic people throughout the year.....[Read more](#)**

## ○ DRY LEMON POWDER AND LEMON OIL

**The lemon is a small evergreen tree (Citrus limon) originally native to Asia and is also the name of the tree's oval yellow fruit. The fruit is used for culinary and non-culinary purposes throughout the worlds primarily for its juice, though the pulp and rind (zest) are also used, mainly in cooking and baking.....[Read more](#)**

## ○ TOMATO PASTE AND PUREES

**Tomatoes are the most popular vegetable in the home garden. Tomatoes are widely grown in all parts of the world. They are available in a variety of sizes, shapes, and colors including red, yellow, orange, and pink. Sizes vary from the bite sized cherry tomatoes to the giant beefsteak varieties.....[Read more](#)**

## ○ GREEN PEAS PROCESSING & PRESERVATION

**The pea (*Pisum sativum*) is one of the oldest vegetable crops to be cultivated. Its culture reaches so far back into the past that the wild ancestor is unknown to us. The crop belongs to the legume family (*Leguminosae*) and is one of the most important vegetables in India.....[Read more](#)**

## ○ POTATO POWDER, FLAKES AND PELLETS

**The powder of potato is known for sustaining millions of lives by providing food and nutrition during distress times. Its great taste makes potato one of the most important food crops in the world. In India, potatoes are grown in winter under short-day conditions potato powder flakes and pellets are processed potato.....[Read more](#)**

## ○ **PRECIPITATED SILICA FROM RICE HUSK ASH**

**Precipitated silica (also called particulate silica) is compound of aggregates of ultimate particles of colloidal size that have not become linked in massive gel network during the preparation process.....[Read more](#)**

## ○ **MAIZE PROCESSING UNIT**

**Maize is one of the best cereals after paddy and wheat. It is largely cultivated in the north and west India, though there is cultivation of maize in the eastern and southern India. There are basic commercial product maize hull, maize oil, zein, maize starches are obtained directly from maize.....[Read more](#)**

## ○ SPICES

**Spices industry has been a trump card in the hands of India since centuries. It was spice trading which encouraged East India Company to come to India and it is the spice trade which is now making India's export trade grow every year.....[Read more](#)**

## ○ PAPER NAPKINS, TOILET ROLL & FACIAL PAPER FROM TISSUE PAPER ROLLS

**Hygiene is an essential component of healthy living, integral to achieving health and preventing disease. Not just selecting the right food choices but also cooking & consuming them in a hygienic way is equally important in preventing the infectious diseases. Adopting hygienic practices and promoting hygiene in the community, schools and workplace prevents innumerable infectious disease.....[Read more](#)**

## ○ CURCUMIN FROM TURMERIC

**Turmeric (*Curcuma longa*) is native to Asia and India. The tuberous rhizomes or underground stems of turmeric are used from antiquity as condiments, a dye and as an aromatic stimulant in several medicines.....[Read more](#)**

## ○ GINGER CULTIVATION & STORAGE

**Ginger is mentioned in the early literature of China and India as a spice. Thus it is one of the earliest of known spices. It is also used for medicinal purpose. Major ginger producing areas of the world are India, Malayasia, China, West Africa and the West Indies.....[Read more](#)**

## ○ INTEGRATED COCONUT PROCESSING UNIT

**Coconut is one of the important fruit having large use starting from bakery, confectionery, pharmaceutical to beverage and many more industries. Several products from coconut kernel can be manufactured such as Coconut Powder, Coconut Flour, Coconut Cream, Coconut Oil, Coconut Water, Coconut Milk etc.....[Read more](#)**

○ **PRODUCTION OF DIFFERENT GRADES OF LIME FROM LIMESTONE (TECHNICAL GRADE LIME, REFRACTORY GRADE LIME, AGRICULTURE GRADE LIME, FCC GRADE LIME)**

**Lime is manufactured from lime stone. Lime is mainly used for manufacture of hydrated lime. Hydrated lime is a dry powder obtained by treating quick lime with water. It consists essentially of calcium hydroxide and some magnesium hydroxide.....[Read more](#)**

## ○ COAL WASHING UNIT

**Coal washing unit is one of the most important unit for upgradation of coal in sense of fed value by reducing of ash contents in the coal. It is basically associated with seive position to get the quality coal.....[Read more](#)**

## ○ GRANITE MARBLE CUTTING AND POLISHING UNIT

**The use of granite and other decorative stones has been increasing world over. India is endowed with vast deposits of these natural resources and is therefore, in a position to meet not only the domestic need but also to greatly enhance export.....[Read more](#)**

## ○ QUARTZ SLABS

**Engineered stone is a composite material made of crushed stone bound together by an adhesive, (most commonly polymer resin, with some newer versions using cement mix). The two common stones used in producing these products are marbles and quartz.....[Read more](#)**

## ○ GYPSUM PLASTER BOARDS

**For a building being constructed the one and only thing which is to be considered is its strength of bearing load of both environmental artificial. But now-a-days not only strength but the look of the construction also matters.....[Read more](#)**

## ○ MUSHROOM CULTIVATION & PROCESSING

The high nutritional value of mushroom makes it is an ideal source of protein, vitamins and minerals. This alone should be reason enough for the government to encourage its widespread cultivation, let alone the benefits occurring from its export.....[Read more](#)

## ○ DISPOSABLE PLASTIC CUPS, PLATES & GLASSES

**The plastic industry in India plays a very important and key role in Industrializations. A wide spectrum of plastics and articles manufactured by the industry has touched the life of every Indian in many ways through consumer plastics. The disposable plastic cups are manufactured by thermoforming technique.....[Read more](#)**

## ○ FISH FARMING

**A larger part of the average family's food bill goes on protein foods e.g. cheese, eggs and fish etc., which are important parts of a healthy and well-balanced diet. Now-a-days people are turning to fresh-water fish such as rainbow trout, carps and tench, which can be raised in ponds and ornamental garden pots.....[Read more](#)**

## ○ WHEAT FLOUR MILL

**Wheat is a grass, originally from the Fertile Crescent regions, but now cultivated worldwide. In 2007 world production of wheat was 607 million tons working it the third most produced cereal after maize (784 million tons) and rice (651 million tons).[.....Read more](#)**

## ○ MUSTARD OIL

**Mustard/Rapeseed oil is the third largest edible oil produced in the world after Soy oil and Palm oil. At a production level of 13-14 million tons, it accounts for about 12% of the total World's edible oil production.....[Read more](#)**

## ○ DAL MILL (PULSES)

**India is the still by and large vegetarian in dietary habit and heavily depends upon vegetative source to meet out its daily protein requirement. India is bound to be global leader in terms of production and consumer of pulses.....[Read more](#)**

## ○ FIVE STAR HOTEL

**The hotel industry is an important component of tourism industry. Its foreign exchange earning capacity is also high. The irritation of economic reforms in this country gave a boost to the hotel industry. The demand for rooms in hotels by foreign businessmen has increased sharly [.....Read more](#)**

## ○ BATTERY OPERATED RIDE ON CAR FOR KIDS

**A toy is an item that is used in play, especially one designed for such use. Playing with toys can be an enjoyable means of training young children for life in society. Different materials like wood, clay, paper, and plastic are used to make toys.....[Read more](#)**

## ○ THERMOCOLE (EPS) CUP, GLASS & PLATES

**Thermocole or expanded polystyrene as the name suggests, is polystyrene expanded to more than two times the volume of polystyrene. Polystyrene foam is an excellent packaging material because of combination of various properties such as lightness, rigidity, shock absorption, thermal insulation, resistance to moisture, snow white colour etc.....[Read more](#)**

## ○ DISPOSABLE PAPER PLATE

**Disposable cutlery and containers are products that are a part of our day to day life. Disposable items like cups, plates, saucers are being increasingly used. Such disposables items are made with easily degradable materials which are manmade products like paper from wood pulp, biomass etc.....[Read more](#)**

## ○ SOLAR PANEL

**A solar panel is a collection of solar cells. Lots of small solar cells spread over a large area can work together to provide enough power to be useful. The more light that hits a cell the more electricity it produces, so spacecraft are usually designed with solar panels that can always be pointed at the Sun even as the rest of the body of the spacecraft moves around, much as a tank turret can be aimed independently of where the tank is going.....[Read more](#)**

## ○ E-WASTE RECYCLING PLANT

**Electronic waste, e-waste, e-scrap, or Waste Electrical and Electronic Equipment (WEEE) is a loose category of surplus, obsolete, broken, or discarded electrical or electronic devices.....[Read more](#)**

## ○ LED LIGHT ASSEMBLING

**A light emitting diode (LED) is a device which converts electrical energy in to light. LEDs are preferred light sources for short distance (local area) optical fiber network because they are inexpensive, robust and have long life (the long life of an LED is primarily due to its being a cold device, i.e. its operating temperature being much lower than that of, say, an incandescent lamp), can be modulated (i.e. switched on and off) at high speeds....[Read more](#)**

## ○ BISCUIT MAKING PLANT

**Biscuit industry in India in the organized sector produces around 60% of the total production, the balance 40% being contributed by the unorganized bakeries.....[Read more](#)**

## ○ DISPOSABLE PLATES FROM BANANA LEAVES

**Disposable cutlery and containers are products that are a part of our day to day life. Disposable items like cups, plates, saucers are being increasingly used. Such disposable items are made with natural materials like leaf as well as man made products like paper, plastics. Leaf cups, plates have greater hygiene value.....[Read more](#)**

## ○ **BREAD MAKING PLANT**

**In modern days bread is now becoming one of the most essential food item in human diet due to its readymade availability and high nutritive value. It is the most consumable wheat based bakery product.....[Read more](#)**

## ○ **BAKERY INDUSTRY**

**Bakery is one of the oldest among the food processing activities. An estimated 78,000 bakeries operate in India. The production of bread is estimated at 11.5 lakhs tonnes and biscuits at 7.8 lakhs tonnes....[Read more](#)**

## ○ **SANITARY NAPKIN & BABY DIAPERS**

**A diaper or nappy is a kind of underwear that allows one to defecate or urinate in a discreet manner. Diapers are primarily worn by children who are not yet potty trained or experience bedwetting.....[Read more](#)**

## ○ **ELECTRIC MOTORS**

**The extensive utilization of many types of constructional variants of electric motors in industry, commerce and the home would make a comprehensive guide for their selection, application and maintenance runs into many pages.....[Read more](#)**

## ○ MOSQUITO REPELLENT LIQUIDATOR

**There are some essential oils which have property to repellent of mosquito. Mosquitoes cannot bear the flavour of essential oil though they do not die but they run away. Raw material required for manufacturing of essential oils are easily available in the market.....[Read more](#)**

## ○ SOLAR PANEL ASSEMBLING & SOLAR POWER INVERTER ON GRID, OFF GRID WITH SOLAR PUMP CONTROLLER

**A solar cell, sometimes called a photovoltaic cell, is a device that converts light energy into electrical energy. Solar panels generate free power from the sun by converting sunlight to electricity with no moving parts, zero emissions, and no maintenance.....[Read more](#)**

## Major Queries/Questions Answered in Our Report?

- 1. How has the industry performed so far and how will it perform in the coming years?**
- 2. What is the Project Feasibility of the Plant?**
- 3. What are the requirements of Working Capital for setting up the plant?**
- 4. What is the structure of the industry and who are the key/major players?**

- 5. What is the total project cost for setting up the plant?**
- 6. What are the operating costs for setting up the plant?**
- 7. What are the machinery and equipment requirements for setting up the plant?**
- 8. Who are the Suppliers and Manufacturers of Plant & Machinery for setting up the plant?**
- 9. What are the requirements of raw material for setting up the plant?**

- 10. Who are the Suppliers and Manufacturers of Raw materials for setting up the plant?**
- 11. What is the Manufacturing Process of the plant?**
- 12. What is the total size of land required for setting up the plant?**
- 13. What will be the income and expenditures for the plant?**
- 14. What are the Projected Balance Sheets of the plant?**

- 15. What are the requirement of utilities and overheads for setting up the plant?**
- 16. What is the Built up Area Requirement and cost for setting up the plant?**
- 17. What are the Personnel (Manpower) Requirements for setting up the plant?**
- 18. What are Statistics of Import & Export for the Industry?**
- 19. What is the time required to break-even?**

- 20. What is the Break-Even Analysis of the plant?**
- 21. What are the Project financials of the plant?**
- 22. What are the Profitability Ratios of the plant?**
- 23. What is the Sensitivity Analysis-Price/Volume of the plant?**
- 24. What are the Projected Pay-Back Period and IRR of the plant?**
- 25. What is the Process Flow Sheet Diagram of the plant?**
- 26. What are the Market Opportunities for setting up the plant?**
- 27. What is the Market Study and Assessment for setting up the plant?**
- 28. What is the Plant Layout for setting up the plant?**

## Reasons for Buying Our Report:

- **The report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **The report provides vital information on the product like it's characteristics and segmentation**
- **The report helps you market and place the product correctly by identifying the target customer group of the product**

- **The report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

## **Our Approach:**

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

## **Free Instant Online Project Identification and Selection Service**

**Our Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.....[Read more](#)**

## **Download Complete List of Project Reports:**

### **▪ Detailed Project Reports**

**NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.**

**Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.**

**And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:**

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

**The detailed project report covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,**

**Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.**

**We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)**

# ***NIIR PROJECT CONSULTANCY SERVICES***

**An ISO 9001:2015 Company**

## Who are We?

- *One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services*
- *We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients' in India & abroad*

## What do We Offer?

- *Project Identification*
- *Detailed Project Reports/Pre-feasibility Reports*
- *Business Plan*
- *Market Research Reports*
- *Technology Books and Directory*
- *Industry Trend*
- *Databases on CD-ROM*
- *Laboratory Testing Services*
- *Turnkey Project Consultancy/Solutions*
- *Entrepreneur India (An Industrial Monthly Journal)*

## How are We Different ?

- *We have two decades long experience in project consultancy and market research field*
- *We empower our customers with the prerequisite know-how to take sound business decisions*
- *We help catalyze business growth by providing distinctive and profound market analysis*
- *We serve a wide array of customers , from individual entrepreneurs to Corporations and Foreign Investors*
- *We use authentic & reliable sources to ensure business precision*

## Our Approach

**Requirement collection**

**Thorough analysis of the project**

**Economic feasibility study of the Project**

**Market potential survey/research**

**Report Compilation**
