

Mink Blankets Manufacturing Industry.

Production of Soft Mink Blanket.

Start a Blanket Business

Introduction

A mink blanket refers to the feel of the blanket. These blankets are widely in demand owing to their beautiful appearance and trendy patterns. The blanket is made from a synthetic acrylic blend. It is woven to feel like mink. For a very soft and warm blanket.

Features:

- **Tear resistant property**
- **Elegant design**
- **Perfect finishing**

In the past, Mink blankets (also called Raschel blankets) were mainly made from acrylic fibers.

Nowadays, consumers are spending a significant amount of money to keep their houses warm as well as properly insulated during winter. One of the ways of ensuring warmth and comfort during winter is the usage of bedding blankets usually while resting or sleeping. A blanket is a piece of cloth designed to offer warmth and absorb moisture, especially while sleeping. These type of bedding blankets are also used for decorative purpose.

The global blanket market is expected to grow in the near future. In addition, a global increase in private consumption expenditure is likely to boost the consumption of luxury and decorative products, especially in emerging countries, which is also expected to boost the demand for blankets in the near future.

The revenue generated from blankets is estimated to be valued at over US\$ 6,676.4 Mn in 2018, which is projected to increase at a CAGR of 4.5% during the forecast period (2018-2027).

The global blanket market has been surging at a significant rate in terms of value sales, which can be attributed to growth in the demand for blanket products, such as the electric blankets and regular blankets. Over the years, the global market has witnessed evolution in terms of product offerings and the quality of products. With the varying needs and demands of target customers in winter, the global blanket market has been witnessing the advent of new and innovative trends.

The Blanket Market is subject to witness a substantial growth due to the growing consumer awareness, wide range of prices and design available in the market. Introduction of electric blankets are expected to attract more customers, thus boosting overall sale of the product.

Blanket Market Share (%), By Base Material (2018)

The Blanket Market is subject to witness a substantial growth due to the growing consumer awareness, wide range of prices and design available in the market.

Increase in number of advantages associated with the product coupled with growing population are some of key driving factors for the sustained growth of market, in the recent years. Globally, the market is predicted to generate massive revenue over the next seven years, providing numerous opportunities for market players to invest for further development in the blanket market.

Furthermore, exclusive features such as machine washable and stain resistant blankets make, which are friendlier and comfortable to users, are gaining traction in the end-user market in the recent years. Increasing demand form countries with extreme weather condition are propelling market demand for blanket over the forecast period.

The market is broadly categorized into five major segments based on the product type such as woven acrylic blankets, knitted polyester blanket, cotton blanket, electric cotton blanket, and wool blanket. The wool blanket is considered as one of the faster growing segment in the blanket market with substantial revenue generation in the last few years. Growing popularity of the wool blanket segment is attributed to its properties. Electric cotton blanket segment also witnesses substantial growth owing to enhanced capacity to control the amount of heat the blanket produces.

The key manufacturers in the Blanket include:

- **ChappyWrap**
- **Pendleton**
- **Garnet Hill**
- **Woolrich**
- **The Company Store**
- **Land of Nod**
- **Denali**
- **Pine Cone Hill**
- **Cuddledown**
- **Berkshire**

Blanket Market is categorized based on geography into United States, Mexico, Canada, Germany, England, France, Russia, Italy, Japan, China, Korea, Brazil, India, Australia, Southeast Asia, Africa and Middle East. North America accounted for the major share of the Blanket Market Size in 2017 and will continue to lead in the forecast period.

Reasons for Buying our Report:

- **This report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **This report provides vital information on the product like it's characteristics and segmentation**
- **This report helps you market and place the product correctly by identifying the target customer group of the product**

- **This report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

Our Approach:

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

Scope of the Report

The report titled “Market Survey cum Detailed Techno Economic Feasibility Report on Mink Blankets.” provides an insight into Mink Blankets market in India with focus on uses and applications, Manufacturing Process, Process Flow Sheets, Plant Layout and Project Financials of Mink Blankets project. The report assesses the market sizing and growth of the Indian Mink Blankets Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line. And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

We at NPCCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in the Mink Blankets sector in India along with its business prospects. Through this report we have identified Mink Blankets project as a lucrative investment avenue.
